

Pattern Specifications

- Open area: 1%
- Weight: 2.83lbs/sq ft
- Max width: 240"
- Max length: 78"
- Material: Stainless Steel
- Attachment method: Frame

Pattern Name: CONTEXT

This durable pattern provides a high degree of consistency with a repeated 4-wire pattern. When viewed close up this pattern allows the viewer to understand the complexity of a woven mesh. Ideally suited for elevator cab interior cladding and bar/reception desk cladding, Context adds beauty and durability to it’s environment.

Wire By Design architectural wire mesh is manufactured in Lancaster, Pennsylvania.

Common Applications
Desk Facades
Elevator/Wall Cladding
Kiosk Facades

Environmental Improvements	
Light Reduction	Regional Materials
Building Re-use	

At Wire By Design, the possibilities are only limited by your imagination. In addition to the designs featured in our Product Specifications, we can customize a wire mesh to your particular project needs.
