

Pattern Name: REVEAL

Pattern Specifications

Open area: 1%

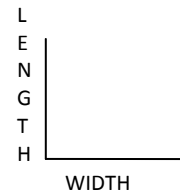

Weight: 2.9lbs/sq ft

Max width: 60"

Max length: 78"

Material: Stainless Steel/Brass

Attachment method: Frame

The prominent brass wires create a visually striking contrast to the stainless steel wires in Reveal. A long time favorite for elevator interior cladding, this pattern also lends itself well to reception desks, bar fronts, and feature wall coverings.

Wire By Design architectural wire mesh is manufactured in Lancaster, Pennsylvania.

Common Applications
Reception Desk
Elevator Cladding
Wall Cladding

Environmental Improvements
Regional Materials
Optimize Energy
Building Re-use

At Wire By Design, the possibilities are only limited by your imagination. In addition to the designs featured in our Product Specifications, we can customize a wire mesh to your particular project needs.
